ASTIGMATISM.

What it is, and How Cor-
rected.

Astigmatism or Irregular Vision is
one of the most common of all the re-
fractive errors. It is due to the irregu-
lar curvature of the film known as the
Cornea. Of course no instrument is
sufficient to correct it, but in the hands
of a thoroughly efficient and competent
eye specialist the ophthalmometer re-
veals the exact condition of the eye in
a way that nothing else can. If your
eyes need attention have DR. J. T.
JOHNSON to put them under this re-
sult in treatment. Office hours 8:30

ATTRACTIVE DECORATIONS

Our Business Houses Putting on Gay
Attire for Gala Week.

It would be a considerable job, even
this far off from the festivities of next
week, to give an accurate list of all
who have decorated their places of
business in gorgeous colors for the
coming event. We will mention some
of them as they occur to us:

The first firm to decorate was C. M.
Vanstory & Co., and a most beautiful
job it is.

Much of the beautiful work is being
done by Mitteldorfer & Sons, of Rich-
mond, expert decorators. They turn-
ish the material, which is fast colors,
and do the work in a most artistic
manner.

Following Vanstory & Co. the Cone
Export & Commission Co. had the
front of their office building fixed in
gala attire for the big event. Then
they began to fix up so fast that the
first thing we knew there were gay
colors waiving in front of a dozen or
more places of business, and today
the city looks like it was almost ready
for a triumphal march.

There is Bendheim & Sons, and
Harry & Belk Bros., and
Shrier, the shoe man, and
The Carolina Shoe Co., and
Rankin, Chisholm, Stroud & Rees,
and
The McAdoo House, and
McDuffie, N. J., the big furniture
man, and
The dispensary, too, and
There are others.

Some of the merchants are getting
in some exceedingly pretty work in
window displays. For instance, look
at the windows at W. J. Ridge's fur-
niture store, decorated by Mr. W. W.
Workman. And those at the Original
Packet are as pretty as a picture,
also. The decorations in the windows
at Holton's drug store are a credit to
the good taste and deft fingers of
Harry Allen, the courteous young
man who presides so gracefully over
the soda fountain. And Mr. Stroud,
the cigar man at the McAdoo, has
caught the inspiration and with his
own hands has played some artistic
work in the window fronting his place
of business.

But, as we have said, we can't name
all who are at work to make things
attractive. Others deserve mention
and will receive it later.

THE INDUSTRIAL EXHIBITS Nearly Every Booth in the Banner Warehouse Already Engaged.

No place in the city looks more like
the coming of a great gala event than
does the Banner Warehouse. The
building is decorated inside and out,
the interior decorations being espe-
cially elaborate and beautiful. This
is where the great industrial exhibits
will be held and the work of building
booths is being rapidly pushed. Nearly
all the leading merchants and man-
ufacturers in this city, and some from
a distance, will have exhibits. The
following firms will have goods on
display: N. J. McDuffie, furniture;
J. B. Wright, pianos; D. Bendheim &
Sons, dry goods; M. B. Shrier, shoes;
G. T. Gasscock & Sons, foundry; G.
Dan'el, sporting goods; Odd Fellows;
Jamestown Shoe Co.; C. E. Holton,
drug; L. Richardson Drug Co.; How-
ard Gardner, drugs; McClamroch
Bros., mantles; Sample Brown Mer-
cantile Co., dry goods; O'Call Hard-
ware Co.; Fishplate Katz Co., cloth-
ing; Pomona Nurseries; Dr. J. T.
Johnson, oculist; Harry Belk Bros.
Co., general merchandise; Southern
Tobacco Co.; Shiffman Jewelry Co.;
C. T. Townsend, farming imple-
ments; C. M. Vanstory & Co., clothing;
Johnson & Dorsett, dry goods; Globe
Furniture Co., H. High Point; J. W.
Seit & Co., dry goods and groceries;
S. B. Farries, druggist; W. H. Matthews
& Co., clothing; Wharton Bros. books;
Eagle Food Co.; Berger Food, to-
bacco Co.; W. H. Ragan, High Point;
Bray Bros., tobacco; Greensboro
Furniture Co., Carolina Shoe Co.,
Greensboro Steam Laundry, Rankin,
Chisholm, Stroud & Rees, clothing,
S. L. Alderman, Photographer, Cone
Export & Commission Co., cotton
goods; J. M. Hendrix & Co., dry
goods; Greensboro Knitting Mills,
Proximity Mfg. Co., cotton goods;
Huner Mfg. Co., pants and overalls;
Geo. W. Pritchett, machinery.

The office will be on the left of the
entrance, while just opposite it will be
J. H. West's refreshment stand. The
band stand will be on the right about
midway of the building.

Summer School.

Prof. Joyner at the A. & M. College
last night delivered before an appreci-
ative audience of teachers and friends
a very practical and wholesome ad-
dress upon the subject of "Concep-
tions and Misconceptions of Educa-
tion." He made a fine impression
upon his hearers and the verdict was
that he is an especially broad gauged
man on the question of who should be
educated.

Prof. M. C. S. Noble, of the State
University, is spending the day at the
Normal. He lectures tonight. Let all
who can come out to hear him.

ened in North Dakota and Minn., etc.

ARE OUR TROOPS PILLAGERS?

And Are American Losses Erro-
neously Reported?

A FRENCH PAPER PRINTS A STORY

From a Representative in the Philip-
pines—The Small Territory Occu-
pied by General Otis.

By Cable to THE TELEGRAM.

Paris, July 28.—The Figaro prints a
letter today from Hong Kong, by M.
Jno Hess, its colonial editor, who has
been for three weeks in the Philip-
pines. The letter says that the Ameri-
can losses in Luzon are heavier than
has been reported, and that the forty-
two thousand on duty have been re-
duced to thirty thousand.

The writer expresses amazement at
the small territory which General Otis
holds, and declares that the majority
of the American troops are adventur-
ers, engaged at low wages and have
full permission to pillage.

FOUR NEGROES HANGED.

The Fifth Was Given a Life Term
in the Penitentiary.

By Wire to THE TELEGRAM.

Baltimore, July 28.—Joseph Bryan,
Cornelius Gardner, Chas. James and
John Meyers were hanged this morn-
ing from the same scaffold.

Their crime was a brutal assault on
Annie Bailey, colored, thirteen years
old.

The fifth negro was Daniel Rogers,
a murderer, who was to have occu-
pied the same scaffold with the others,
but his sentence was commuted by
Governor Lowndes to life imprisonment.
He now occupies a cell in the
penitentiary.

Death From Hydrophobia.

By Wire to THE TELEGRAM.

New York, July 28.—Capt. Book-
oven, who was bitten by a mad dog in
June, died of hydrophobia this morn-
ing at the New York hospital. Bui-
son. The steam bath treatment was
tried in this case but it failed. This
was the first trial of the system in this
country.

Against Chinese Labor.

By Wire to THE TELEGRAM.

Vancouver, July 28.—Nearly all the
bricklayers employed in the city struck
yesterday as a protest against the
employment of Chinese laborers.

GUILFORD ALL RIGHT.

Dr. Benbow Interviewed as to Grass
Growing.

The Telegram recently asked if the
soil of Guilford county was suitable
for grazing. Dr. Benbow says:
"The grazing qualities of the land
of this state, and of this immediate
section, I think good, and the profits
arising therefrom superior to the state
of New York and the far west. In the
valley of Virginia which is the
envy of all who want grazing lands,
the estimate there is universal that
each cow and bullock for the season
require for pasture three acres of
land. There the land is worth
\$50 to \$100 an acre. Here a cow
requires from four to five acres for the
same time and the land is worth \$10
to \$20 an acre. There the butter is
shipped to market, here we have the
market and the saving of transportation
expenses. If the same amount of
money invested here as is required in
New York or Tazewell county, Va., I
have no hesitation in asserting that
the profit would be realized.

Labor is cheaper, seasons for pasture
longer, market higher for the product
and weather milder."

[Dr. Benbow has given this matter
thought and investigation and every-
body who knows him knows that his
judgment is both valuable and reli-
able. It is to be hoped that these sug-
gestions will prove profitable. Noth-
ing adds more to the beauty or re-
venue of a county agriculturally than
intelligent stock raising.—Ed.]

Gone on that self-raising umbrella
just out of the shop.

Just think of the saving. A lady
with an umbrella and seventeen bun-
dles. It commences to rain. Lay all
the bundles down, hoist the umbrella,
pick up the bundles and here you go—
the old way.

A lady with seventeen bundles and a
self-raising umbrella. It commences
to rain; touch the button, up goes the
umbrella; on goes the lady, no time
lost, everybody happy—the new way.

These umbrellas will be advertised
and sold by Rankin, Chisholm, Stroud
& Rees.

Convened This Morning.

fourth district, of the North Carolina
conference, Methodist Protestant

and Rev. J. F. McCulloch are on the

WASHINGTON NEWS NOTES.

A Wilmington Citizen Talks About
the Situation.

RAILROAD AND STEAMSHIP NEWS

Southern Officials Do Not Confirm or
Deny That They Will Soon Ab-
sorb the Norfolk & Western.

Special to THE TELEGRAM.

Washington, July 28.—Mr. Z. W.
Whitehead, a prominent citizen of
Wilmington, N. C., and who is con-
versant with the political situation in
his state, was seen the other day at
the Raleigh Hotel where he is stop-
ping. Mr. Whitehead says the state
of affairs at Wilmington is quiet and
orderly, which is a striking contrast
to the times witnessed in that section
of the state just preceding the congres-
sional elections last year, when the
city of Wilmington and other towns
in North Carolina were riddled them-
selves of the evil effects of negro domi-
nation. The negro, he says, is set-
tling down to the conclusion that he
has nothing to gain, but everything to
lose by antagonizing the white people
of the state, and that from present ap-
pearances they will not meddle much
in political affairs in the state for
some time. The white people, too, he
says, are sick of the troubles in the
state last fall and have also quieted
down and are waiting peacefully for
the time to come when the state gov-
ernment will be secure in the hands of
the educated element of the state. In
speaking of the white people of the state
he says that the white people of the
state have no fault to find with him,
but that on the contrary they like him
and want him, but that what they object
to is the agitator, white or black, who
attempt to stir up the negro against
the white voters.

People coming to Washington from
North Carolina agree that contrary
to expectations a few months ago that
the political campaign in the state this
fall for the adoption of the constitu-
tional amendment will be conducted
quietly and orderly, and that the riots
and bloodshed which marked the bitter
campaign of one year ago will be
avoided. The decision said to have
been reached by the state committee
not to address themselves to the ne-
groes during the campaign, but to the
white voters exclusively, will aid in
avoiding a repetition of the scenes at-
tending the campaign in the state last
year.

As stated the other day the Union
Pacific Railway Company has just
issued a handsome folder, entitled
"Our New Colonies," which contains
a description of the Hawaiian Islands.
In the pamphlet are given historic
events, description of the resources,
climate, etc., of the islands, together
with other facts which makes it val-
uable to those interested in the islands.

The folder also describes the best
route to the islands. It is handsomely
illustrated throughout. The book
contains 84 pages. Among other
things of interest in the folder is a
guide for the pronunciation of popular
words in use in Hawaii, not only the
English pronunciation being given,
but the native pronunciation, and the
meaning of the words or phrases being
given.

On the first page of the book
is shown a map of Hawaii, giving dis-
tances from Honolulu to various
places. Another handsome map is
shown, which gives at a glance the
various railroads and steamship con-
nections between Hawaii and the
United States. The book is for free
distribution, and will be sent by the
Union Pacific Company on applica-
tion.

It is stated that Mrs. Jam's Cecil
Hoece has accepted an invitation to
christen the new steamship, "Governor
Dingley," now being built at the
Philadelphia shipyards. Mrs. Hoece
is the daughter of Ex-Congressman
Dingley, and is the wife of Col. Hoece,
formerly of Virginia.

Mr. S. T. Everett, of Cleveland, O.,
is stopping at Chamberlin's Hotel.
He is on his way to North Carolina
to spend a few weeks at his summer
home in the mountains of the state.

Mr. Everett has one of the most beau-
tiful summer homes in North Carolina.

Railroad officials of the Southern
Railway when seen yesterday would
not affirm, or deny the statements com-
ing from Chattanooga, to the effect
that the Southern will shortly absorb
the Norfolk and Western road. From
their statements, however, the story is
doubted here.

Postmaster Reed, of Newport News,
Virginia, was in the city the other
day. Mr. Reed is a republican. He
says that Martin appears to be the
favorite for United States senator
among the democrats in his section of
the state of Virginia.

R. B. McClammy, proprietor of the
Wilmington, North Carolina, Evening
Dispatch, passed through Washington
the other day enroute to Baltimore
where he is to spend a few days with
friends.

Jeremiah K. Reynolds has been ap-
pointed postmaster at McLaurin, Sur-
ry county, N. C.

Commencing 1st, railway postal ser-
vice will be established on the line of
the Southern Railway, on trains 115
and 116 between Winston-Salem and
Mooreville, N. C.

"THE DIPLOMATS."

At the Academy of Music Next
Tuesday Night, August 1st.

This fun-provoking farce comedy
will be presented by the Greensboro
Dramatic Club at the Academy of
Music on next Tuesday evening, Au-
gust 1st.

The Club, appreciating the fact that
people prefer to be amused, has con-
cluded to put on this very successful
piece for the benefit of our own peo-
ple and the visitors as well. There is
not a sad line in the whole perfor-
mance and the production is one in
which the club excels. The work of
the club has always been appreciated
and during its visit to Danville, Va.,
and Salisbury, N. C., where it gave
three performances—one in Salisbury
and two in Danville—the newspapers
gave it nice criticisms and praised the
work done.

The Club intends to give one of its
best performances on Tuesday night
and we trust there will be a large
audience of home people to greet its
members.

To show that the work of the Club is
appreciated abroad as well as at home,
the Club received a letter on yesterday
from the Green Brier White Sulphur
Springs asking the Club if it could
come to the springs in August and
give a performance, this to be one of
the series of entertainments given by
the Springs.

Hunting the Miscreants.

By Wire to THE TELEGRAM.

Cleveland, July 28.—It is stated that
the detectives who are hunting the
miscreants who placed nitro-glycerine
on the tracks and blew up the Euclid
avenue car Sunday night, have finally
soured some strong evidence bearing
on the case, and will make at least two
arrests before daylight. A reward of
a thousand dollars will be paid by the
Big Consolidated for the arrest and
conviction of the guilty parties.

EDUCATION OF WOMEN.

The giant strides made in North Carolina during the past eight or ten years in favor of better facilities and equipment for the education of the women of the state, is most gratifying.

Woman has been too long neglected along educational lines and the establishment of the State Normal and Industrial College in this city seems to have been the signal or alarm bell to wake the people up to their duty. That this is true it is easy to see from the improvement which began almost immediately in many of the older colleges for women.

And pretty soon, recognizing the growing sentiment in favor of giving women equal educational advantages with men, Trinity College and the University were opened to women. But the movement did not stop here. The Baptist brethren quickly caught the spirit and today stands the elegant Baptist Female University in Raleigh, ready to begin its share in the great work of educating women.

We rejoice in all evidence of progress along educational lines, but in nothing more than the fast increasing recognition of the importance, aye, the necessity, of educating our women, and giving them equal advantages with men.

We wish to direct the attention of thoughtful readers to the article printed elsewhere in today's paper, signed "Hopeful." The writer reasons philosophically and with good, hard sense, on the connection of Christian people with the dispensary. He might have added with all propriety, and without any intent to offend anybody, that the enemy of a thing is not the proper person from whom to accept advice as to its management. The enemies of the dispensary have done all in their power to prevent its establishment because they want wide open barrooms, and falling in this it comes with bad grace for them now to try to create sentiment against it by claiming that it will hurt the church.

The Danville Bee is restless because the Telegram wants the telegraph and telephone poles in the city painted, and asks why the city authorities in Greensboro "should compel anybody to paint anything, because the city authorities have knocked out the saloons and thus abolished the last hope of painting things red." We don't care whether the poles are painted red, white, blue, or pea-green. Greensboro is moving along in good shape, and it is a demand of the progress the city is making that the poles be painted. Almost everything else has been painted, including the dispensary, thank you, Mr. Bee. But nose paint is the only kind of paint which cuts ice here.

The influence of the late Augustin Daly upon the American stage has nowhere been so strongly shown as in the August Cosmopolitan. The editor has employed the pen of the distinguished critic, Gustav Kobbe, to write of Daly and his work, and the value of the article is doubled by the superb set of illustrations accompanying it. The portraits of nearly seventy actors and actresses are given, each of whom has been connected with Mr. Daly at one time or another. All of these attained success and prominence, and it takes but a glance through the pages of the article to realize the immeasurable debt owed by the theatrical profession and its supporting public to Augustin Daly.

John R. Smith—ever hear the name before?—and J. M. Mewbourne, the sweet-scented pair who filled the office of commissioner of agriculture during the last two years of fusion confusion, are the witnesses today before the investigating committee. Unless they refuse to talk the Raleigh papers will contain some spicy stuff tomorrow morning.

A few days ago the Telegram wanted to know where all the swallows came from with which the city is beset. And now the Danville Bee cruelly suggests that they were perhaps turned loose when the saloons were closed.

NEEDLESS PANIC.

"Hopeful" Writes About Some Criticisms on the Dispensary.

Editor Telegram:—We infer from an article in yesterday's Record, that the soul of one of its editors is filled with alarm lest the Christian church receive some detriment, because of the fact that certain Christian gentlemen have been appointed directors of the dispensary.

This alarm has been created by certain subscribers dropping in from time to time and filling the ears of the Record with their fears of the awful fate awaiting the church, because of the above named fact. Now, dear Record, let us hope and pray that your panic is causeless. Let us suggest, as you yourself intimated that these timorous subscribers, don't know the facts fully, or else maybe they are only trying to keep you awake at night. Don't let's worry about it, dear Record. The dispensary is either a good or a bad institution. If good—and you say "it is the best thing by far ever tried"—it can hardly be hurtful to the church to have a hand in a good thing. If bad, then it will the sooner be found out by Christian gentlemen having an oversight of it.

Now don't let us suppose for a moment that you, dear Record, are opposed to the dispensary, of course not. You say you are not and if you don't know, who does? Nevertheless, we wish modestly and most respectfully to suggest, that you stop "damning it with faint praise," for a season, and close your ears to the silly suggestions of those who "don't know all the facts," or who, perchance, may desire to see the dispensary a failure, and the eight barrooms doing business at the same old stands, "with none to molest or make them afraid."

That there are many good men opposed to the dispensary we readily grant. They have reasons which satisfy them and we won't quarrel with them. But the fact is, the dispensary is upon us. It is on trial for its life. The nearest criminal is entitled to a fair trial. Time, which proves all things, will show whether it proves a blessing or a curse. Throwing obstacles in the way of a fair trial is not in accordance with human justice. If, after a fair trial, the dispensary does not accomplish the purpose of its existence, then we will dispense with the dispensary, and try some other plan to throttle the greatest evil of the day.

If on the other hand it greatly curtailed the evil—and you, dear Record, say "it is by far the best thing ever tried," then let us stop our much fault finding, and let us be content with the fact that we have kicked against the pricks.

If some young men be saved from a drunkard's terrible fate by missing the eight open barrooms, handsomely furnished with brilliant lights and rich furnishings, in which to pass idle hours, and learn bad habits, then we can congratulate ourselves that we at least were not found in opposition to a great thing. At all events, let's lose no sleep on account of the Christian Church's connection with this trial. For 1900 years the church has stood the attacks of its enemies. It will probably still survive, notwithstanding some Christian gentlemen honestly believe it to be consistent with their church obligations to take positions on the board of management of the dispensary.

Your suggestion that we remove these men and put others in their stead, "men who have no connection with the church," is not, we think, a betterment of the situation. The dispensary is good or bad. If good, then it won't hurt good men to manage it. If bad, man no good—that is, men who, like Uncle Toby, may occasionally enforce an argument with a good round cuss word, won't do any better, while the good men will the sooner find out the evils of the dispensary and recommend some other plan.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from impure digestion."—James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

Discovered by a Woman
Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. This writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure—it relieved at once and cured her in a few days."—B. L. Nance, Prin. High School, Bluffdale, Texas. Howard Gardner.

Wages have been advanced ten cents a day for 1500 section men who recently struck on the Grand Trunk Line at Montreal.

Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of. There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhalant mixtures in the world can have no permanent effect whatever upon it. Swift's Specific cures Catarrh permanently, for it is the only remedy which can reach the disease and force it from the blood.

Mr. J. H. H. writes: "I was afflicted with Catarrh for many years, and after trying every remedy I could reach, I finally reached the surface. I then decided to try Swift's Specific. I bought a bottle and used it as directed. I noticed a perceptible improvement. Continuing the remedy, the disease was forced out of my system, and a complete cure was the result. I advise all who have this disease to abandon their local treatment, which has never done them any good, and take S. S. S., a remedy that can reach the disease and cure it. To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific is a real blood remedy, and cures obstinate, deep-seated diseases, which other remedies have no effect whatever upon. It promptly reaches Catarrh, and never fails to cure even the most aggravated cases."

Is Purely Vegetable, and is the only blood remedy guaranteed to contain no dangerous minerals. Books mailed free by Swift Specific Company, Atlanta, Georgia.

A Cheap Trip to the Pacific Coast.
The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus \$2.00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only \$7.40, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of \$12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from

The best of women may be the worst of sufferers. Disease is no respecter of persons. The regular periodic suffering of many women is calculated as aggregating ten years of the thirty between fifteen and forty-five. Such a tax of pain and time is utterly unnecessary. In all cases the sufferings of women due to irregularity and like causes may be alleviated, and in most cases they may be completely cured by the use of Dr. Pierce's Favorite Prescription. This wonderful medicine is not a cure-all, but a specific remedy for diseases affecting the delicate womanly organs. It cures, completely, irregularity, ulceration, inflammation and female weakness and gives the enfeebled organs health and vigor.

Mrs. W. J. Kildler, of Hill Dale Farm, (Hillsburg Center), Ennsburg, Va., writes: "I cheerfully send you the following testimonial of the great relief you kindly advice and medicine brought me. During the past year I found I was with child and in rapidly failing health. I suffered dreadfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. I followed your directions and took twelve bottles of Dr. Pierce's Favorite Prescription, and also followed your instructions. I began immediately, my health became excellent, and I could do all my own work (we live on a good sized farm). I walked and rode, I could and enjoyed it. I had a short, easy confinement and have a healthy baby boy."

New Methods in Advertising.

Railway companies are adopting new and unique methods of advertising, as is demonstrated by the publication in the Four Track Series of the New York Central Road, of what is now becoming widely known and somewhat famous, "A Message to Garcia," by Elbert Hubbard, of the Phillipside Magazine, which itself is a peculiar and interesting publication as relating to magazines of the present day.

This article is attracting widespread attention, and has been answered by a writer in "The Mirror," published at St. Louis, under date of June 15, 1899, which gives the other side of the American employee.

The Southern Railway, the leading Southern system, spreading from Washington to the Mississippi River, and gridironing the South, and the only line to "The Land of the Sky" section of western North Carolina, has also issued a publication out of the ordinary, in the shape of an attractive booklet entitled "A Night on Mount Mitchell," by Henry Littlefield West, one of the leading editorial and political writers of the Washington Post, a paper widely and favorably known for the ability displayed in its editorial and political columns. This story is a description of an ascension to the very top of Mount Mitchell, which is the highest mountain peak east of the Rocky Mountains, and 400 feet higher than Mount Washington, upon which has been erected a monument to Professor Mitchell, after whom the mountain was named.

The story is replete with interest and thrilling in detailing a trip which may be taken by any traveler for health or pleasure, and reminds one of Talmage's description of Lookout Mountain, when he stood upon its heights and delivered the following oration, which is reproduced for its graphic description of a location famous in American history:

"The carriage wound its way up, up, up. Standing there on the tip-top rock, I saw five states of the Union. Scenes stupendous and overwhelming. An almost is disposed to take off his hat in the presence of what seems to be the grandest prospect on this continent. There is Missionary Ridge, the beach against which the red billows of Federal and Confederate courage surged and broke. There are the blue mountains of North and South Carolina. With strain of vision there is Kentucky, there is Virginia. At our feet, Chattanooga and Chickamauga, the pronunciation of which proper names will thrill ages to come with thoughts of valor and desperation and agony. Looking each way, and any way, from the top of that mountain, earthworks, earthworks—the beautiful Tennessee winding through the valley, curling and coiling around, making later S after letter S, as if that letter stood for shame that brothers should have gone to massacre with each other while God and nations looked on. I have stood on Mount Washington, and on the Sierra Nevada, and on the Alps, but I never saw so far as from the top of Lookout Mountain."

Copies of this booklet and other interesting publications on "The Land of the Sky" section and "Lookout Mountain" may be obtained from Mr. W. A. Turk, General Passenger Agent Southern Railway, Washington, D. C.

Four of the new recruits, recently enlisted at the recruiting office here were shuffled off to Camp Meade, Pa., last night to go through the toughening process preparatory for mud-wading and other amusements in the Philippines. Several more will leave for the same place Saturday and these latter requested their departing friends to kill some chickens for supper when the second party arrived.

"It is something strangely amusing about these boys leaving for the war, especially if one can hear Recruiting Clerk Stroud, who has experienced something of modern United States army life, admonishing them as to what course to pursue under varying circumstances. During the recent rains he advised them to betake themselves out of doors and spend the time, which was hanging heavily on their hands, practicing cooking in the hard rain. The clerk uses a commendable degree of wisdom in giving his advice, however, in that he withholds it until the prospective recruits have signed all the papers which make them soldiers.

The inducements offered by General Otis are not such that men fall over each other in their efforts to get there, and consequently Uncle Sam's sore need for soldiers is not being relieved very fast. About the only qualification necessary now is to pass a very unrigid physical examination and some "long, lean and lanky" men are finding their way into the army.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chili Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Yellow Jaundice Cured

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, A. A. Hopps, Lexington, Ky." Sold by C. E. Holton, druggist.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

THE TROUBLE OF PHIL.

A Southside Colored Delivery Clerk in a Runaway.

M. Vuncannon, on lower South Elm street, has been puzzled for the past few days about the mysterious disappearance of "Phil," his usually punctual and always obliging delivery clerk.

Phil left the store 'tue day morning with a wagon load of goods for Proximity. About noon on the same day, the horse returned to the store, dragging the wagon shafts, but the anxious grocer waited in vain for the missing driver, with an account of the wreck. Three days passed and Phil was not heard from, though the remains of the wagon were found on Summit avenue where, the snags having fallen on his feet, the horse had run away.

But the mystery was all cleared up this morning when Phil appeared at the store supported on one side by a small oak tree, with two diminutive crossbeams which did duty as a crutch.

When the accident happened and the horse made the reckless dash, Phil, in his too-great hurry to vacate the wagon, made a careless jump and sprained his ankle, which accounts for the need of his home-made crutch.

Phil is a typical African, and he doesn't understand why every feeble step he takes with his crutch gives every on-looker cause to laugh.

Grace Church Social.

The congregation of Grace Methodist Protestant church enjoyed a delightful social at the church yesterday afternoon and evening. The children of the congregation met from 5 to 6 in the afternoon and spent the time at games on the lawn in front of the church.

The grown up contingent had their social in the church last evening and it was voted a most pleasant affair. The time was passed away by singing and social conversation.

Delicious cream and cake were served at both occasions and every one present enjoyed the gatherings immensely.
